

## Mobile Senior Community Occupational Therapist (Casual)

- Casual position
- Approximately 5-10 hours per week (growing hours as business expands)
- \$60/hour + superannuation + compensation for travel
- Metropolitan Melbourne (specific regions negotiable)

Would you like to be a key player in the development of a new business? Are you looking for extra hours of work to complement other part time or casual work you have?

This could be the dream opportunity for you!

### About Moving Healthcare:

Moving Healthcare are a newly founded provider of community-based Physio looking to expand to OT. We service clients and patients in their homes or other community settings across Metropolitan Melbourne, more commonly in the inner Northern and Eastern suburbs. We have a variety of patients, including those on NDIS and Home Care Package plans.

### The role:

We are in the process of introducing OT services and require an experienced Occupational Therapist to get things up and running. You will oversee the management of a varied caseload of patients aged 7+ with a variety of clinical presentations. This will mostly consist of NDIS participants living with a range of chronic disabilities (predominantly neurological in nature) and elderly people on Home Care Packages.

This role would suit an applicant seeking extra hours of work to complement other commitments, or somebody who is looking for a gradual return to the workforce after time off. It would also suit someone looking for a change in their career with an exciting new opportunity.

More specifically, your role will include:

- Assisting in setting up OT Assessment templates, paperwork and marketing material for the business;
- Conducting home environment assessments and assisting with major and minor home modifications;
- Providing therapy services to participants with a focus on building on their strengths and developing sustainable long term solutions to complex needs;
- Prescribing standard and complex equipment;
- Conducting functional assessments of occupational performance and development of therapy plans to promote daily living skills;
- Assessing a client's support needs and assisting them with their transition to supported independent living;
- Providing high level Occupational Services and complete associated reports consistent with relevant guidelines.

**Mandatory requirements:**

- AHPRA registration;
- Bachelor of Occupational Therapy;
- 2 years full time work experience or 1-year experience working in a comparable role;
- Police check;
- Working with children check;
- Driver's license and reliable vehicle;
- Ambition and interest in career growth;
- Exceptional customer service skills;
- A personable and friendly nature;
- Well-organized and close attention to detail;
- Ability to take initiative and display confident leadership skills;
- Creativity and skills in problem solving;
- Confident working autonomously.

**Desirable**

- Experience working in a community/home-based setting;
- Experience working with the NDIS;
- Experience in business development, managing a team and recruitment;

**The perks:**

- Generous salary;
- Flexible working arrangements to fit your schedule;
- Scope for autonomy to work in your preferred style;
- A friendly and approachable boss/colleague;
- An exciting opportunity with huge potential for career growth in a newly founded business.

**Application process**

To apply, please send through your CV and cover letter to [gabriella@movinghealthcare.com.au](mailto:gabriella@movinghealthcare.com.au).

***Please contact Gabriella directly on 0419 553 095 for any queries. It will be my pleasure to discuss the position further and find out if we may be a good professional fit!***
